

# S.U.E.T. LICENSE

# SOVEREIGN UNIVERSAL ENTITY TECHNICAL LICENSE (S.U.E.T.) ? v1.0

**\*\*Effective Date:\*\*** [Insert Date]

**\*\*Copyright (c)\*\*** [Insert Year] [Your Name or Entity]

This license allows free use, adaptation, and distribution of the licensed work under conditions of attribution, name integrity, and contingent trade protection. It is designed to safeguard the sovereign identity of creators while encouraging open creative collaboration and universal innovation.

---

## ## 1. GRANT OF RIGHTS

Subject to the terms of this License, the Licensors grants all Users the following rights:

- To use the Work for any purpose, commercial or non-commercial.
- To modify, remix, and derive from the Work.
- To share the Work or derivatives freely in all media and formats.
- To include the Work in larger collective projects or software.

---

## ## 2. ATTRIBUTION REQUIREMENT

All copies and substantial uses of the Work must include visible attribution as follows:

> ?Original Work by [Your Name or Entity], licensed under the S.U.E.T. License.?

Shortened or inline forms are allowed where necessary, but attribution must be reasonably prominent.

---

## ## 3. NAME & IDENTITY INTEGRITY

- You may not use the creator's name, project name, symbols, or associated likenesses in a way that suggests endorsement or official partnership without explicit permission.
- You may not use the Work to misrepresent, defame, or distort the originator's identity, philosophy, or legacy.

---

## ## 4. CONTINGENT TRADE PROTECTION

If the Work is incorporated into a revenue-generating product, platform, or commercial distribution pipeline, the creator retains the right to:

- Request fair symbolic co-attribution.
- Request visibility within credits, metadata, or promotional materials.
- Protect sovereign identity markers from removal or overwriting.

No royalties are required, but respect for authorship is contractually expected.

# S.U.E.T. LICENSE

---

## ## 5. PROHIBITED USES

The Work may NOT be used in:

- Mass surveillance technologies
- Weapons systems
- Exploitative artificial intelligence/data mining
- Projects that remove attribution or mask original authorship

---

## ## 6. REVOCATION

License is automatically revoked if:

- You violate attribution or identity clauses.
- You commercially exploit the Work while erasing or distorting its sovereign origin.

Reinstatement is possible only upon public correction and creator-acknowledged resolution.

---

## ## 7. COMPATIBILITY

This license may be dual-applied with permissive licenses (e.g., MIT, Apache 2.0, CC-BY 4.0) as long as S.U.E.T. attribution and sovereign clauses are preserved.

---

## ## 8. JURISDICTION

Disputes will be resolved in accordance with the jurisdiction or arbitration process chosen by the Licensor, or through creator-designated sovereign forums.

---
